CAREER OBJECTIVE

A recent Computer and Information Technology graduate with a strong focus on front-end web development. I bring over two years of hands-on experience in designing and developing responsive, user-friendly interfaces. Proficient in HTML, CSS, JavaScript, and frameworks like React, I specialize in creating clean, interactive, and visually appealing web applications. With a keen eye for detail and user experience, I'm passionate about turning ideas into engaging digital experiences and excited to grow within creative, forward-thinking development teams.
